

High Voltage Training Days

Event details and booking form can be found on the reverse of this page

Fuel poverty is a big cause of tenancy breakdown, so what can we do to eliminate this?

This course is for workers who help people set up their tenancies, or support them once they are already a tenant.

The aim of the course is to improve knowledge on electricity tariffs, jargon, hidden costs, easier ways to set up electricity, and much more.

When you understand these, you can help prevent others from paying too much, and understand what their options are. This is a great step towards positive tenancy sustainment.

Here are the places and dates we'll be holding the training:

Delegate Cost £30 each (including lunch).

Courses run from 10am to 3.30pm

3rd Feb @ Dundee,
17th Feb @ Borders,
9th March @ Fife,
23rd March @ Perth
